DESCRIBE THE PRESENT AND ORIGINAL (If known) PHYSICAL APPEARANCE

The building was built in three sections. The south end is a one story, shed-roofed addition built as a store building. It has a three bay facade with a center doorway; the cornice is bracketed.

The central section is also three bays with a central doorway; the door is beaded boards diagonally laid. The cornice is returned into the gable-end facade. The windows have shutters of solid boarding that open in one direction away from the center of the building.

To the north, and set back, is a two story, three bay wing with a central gable and a shed-roofed, bracketed porch.

There are a number of ca.1900 houses lining both sides of Rt,124 here. A country Gothic Methodist Church (Now covered with a brick veneer) completes the village atmosphere of this settlement. MFD,1975
